ARC Customer Advisory: Baltimore Key Bridge Collapse

ARC expresses our deepest sympathy to all those affected by the collapse of the Francis Scott Key Bridge in Baltimore on March 26, 2024.

This accident has impacted vessel operations at the Port of Baltimore and is expected to continue for some time. ARC will continue to work with and defer to local authorities on the resumption of operations in the port at Baltimore.

We are in contact with impacted customers to discuss options on rerouting cargo.

ARC will not accept future bookings to or from Baltimore until there is a decision from the port authority on when the port will reopen to vessel traffic.

ARC did not have a vessel in port at Baltimore at the time of the bridge collapse.

About ARC

ARC provides government services including global logistics and shipping services. ARC and its U.S. affiliates own and manage the largest U.S.-flag Ro-Ro fleet. This includes providing American-owned, managed, and crewed Ro-Ro shipping and intermodal services committed to the requirements of the Department of Defense, other U.S. Government departments and agencies, and commercial customers.
