Re: ARC Atlantic Trade Updates

Dear Customer,

ARC writes to provide important operational updates to our activities in the Atlantic Trade:

- (1) ARC will shift its regular Belgium operations for all cargo segments to the port of Zeebrugge from the port of Antwerp starting on June 20, 2025.
- (2) ARC is adding U.S.-flag government household goods service as part of its existing suite of services in Brunswick, Georgia later this spring.

Together with the recent addition of a fifth ship in our core trade, these enhancements will offer our customers increased capacity, frequency of service, and geographic reach.
